**Stretching Exercises**

WARM-UPS, consisting of stretching and flexibility exercises should be performed for a minimum of 5-7 minutes before aerobic exercise.

The purpose of warm-ups includes: keeping muscles supple, increasing range of motion of joints, enhancing flexibility, improving coordination, increasing body temperature and heart rate, increasing blood flow to muscles and preventing injuries.

The right way to stretch is slow and relaxed. DO NOT BOUNCE. This can actually cause you to pull the muscle you are trying to stretch.

You should stretch to the point of "MILD TENSION". If you overstretch you will also cause damage. Back off if the stretch feels painful.

Hold the stretch for a minimum of 15 seconds each, without bouncing. BREATHE slowly and naturally. Do not hold your breathe while stretching. Relax the stretch. Stretch one or two more times with each stretch. Try to stretch a little further with each stretch. Again, only to the point of mild tension.

COOL-DOWNS, consisting of slow walking and stretching, are performed after aerobic exercise for a duration of 5-7 minutes. The purpose of cool-downs is to gradually return your heart rate and blood pressure to resting or pre-exercise levels.

**STRETCHING EXERCISES**

**Stretches for side of neck:**

1. Sit or stand with arms hanging loosely at sides
2. Turn head to one side, then the other
3. Hold for 5 seconds, each side
4. Repeat 1 to 3 times

**Stretches side of neck**

1. Sit or stand with arms hanging loosely at sides
2. Tilt head sideways, first one side then the other

other
3. Hold for 5 seconds
4. Repeat 1-3 times

**Stretches back of neck**

1. Sit or stand with arms hanging loosely at sides
2. Gently tilt head forward to stretch back of neck
3. Hold 5 seconds
4. Repeat 1-3 times

**Stretches side of shoulder and back of upper arm**

1. Stand or sit and place right hand on left shoulder
2. With left hand, pull right elbow across chest toward left shoulder and hold 10 to 15 seconds
3. Repeat on other side
**Stretches shoulder, middle back, arms, hands, fingers, wrist**

1. Interlace fingers and turn palms out
2. Extend arms in front at shoulder height
3. Hold 10 to 20 seconds, relax, and repeat

**Stretches triceps, top of shoulders, waist**

1. Keep knees slightly flexed>
2. Stand or sit with arms overhead
3. Hold elbow with hand of opposite arm
4. Pull elbow behind head gently as you slowly lean to side until mild stretch is felt
5. Hold 10 to 15 sec
6. Repeat on other side

**Stretches middle back**

1. Stand with hands on hips
2. Gently twist torso at waist until stretch is felt
3. Hold 10 to 15 sec
4. Repeat on other side
5. Keep knees slightly flexed

**Stretches ankles**

1. Stand and hold onto something for balance
2. Lift right foot and rotate foot and ankle 8 to 10 times clockwise, then 8 to 10 times counterclockwise.
3. Repeat on other side (Note: can also be done sitting)

**Stretches calf**

1. Stand a little way from wall and lean on it with forearms, head resting on hands

http://www.womensheart.org/content/Exercise/stretching_exercise.asp

8/19/2009
2. Place right foot in front of you, leg bent, left leg straight behind you
3. Slowly move hips forward until you feel stretch in calf of left leg
4. Keep left heel flat and toes pointed straight ahead
5. Hold easy stretch 10 to 20 seconds
6. Do not bounce
7. Repeat on other side
8. Do not hold breath

Stretches front on thigh (quadriiceps)

1. Stand a little a way from wall and place left hand on wall for support
2. Standing straight, grasp top of left foot with right hand
3. Pull heel toward buttock
4. Hold 10 to 20 sec
5. Repeat on other side

Relaxes hamstrings, stretches calves, achilles, and

http://www.womensheart.org/content/Exercise/stretching_exercise.asp 8/19/2009
ankles

1. Stand with feet shoulder-width apart
2. Keep heels flat, toes pointed straight ahead
3. Assume bent knee position (quarter squat)
4. Hold 30 sec

Stretches inner thigh, groin

1. Stand with feet pointed straight ahead, a little more than shoulder-width apart
2. Bend right knee slightly and move left hip downward toward right knee
3. Hold 10 to 15 seconds
4. Repeat on other side
5. If necessary, hold on to something (chair, etc.) for balance

Stretches side of hip, hamstrings

1. Sit on floor with right leg straight
out in front
2. Bend left leg, cross left foot over, place outside right knee
3. Pull left knee across body toward opposite shoulder
4. Hold 10 to 20 seconds
5. Repeat on other side
6. Breathe easily

Stretches lower back, side of hip, and neck

1. Sit on floor with left leg straight out in front
2. Bend right leg, cross right foot over, place outside left knee
3. Bend left elbow and rest it outside right knee
4. Place right hand behind hips on floor
5. Turn head over right shoulder, rotate upper body right
6. Hold 10 to 15 seconds
7. Repeat on other side
8. Breathe in slowly

Stretches back of leg and lower back

1. Sit on floor, legs straight out at sides
2. Bend left leg in at knee
3. Slowly bend forward from hips toward foot of straight leg until you feel slight stretch
4. Do no dip head forward at start

http://www.womensheart.org/content/Exercise/stretching_exercise.asp
of stretch
5. Hold this developmental stretch 10 to 20 seconds
6. Repeat on other side
7. Foot of straight leg upright, ankles and toes relaxed
8. Use a towel if you cannot easily reach your feet

**Stretches**
**shoulders, arms, hands, feet and ankles**

1. Lie on floor, extend arms overhead, keep legs straight
2. Reach arms and legs in opposite directions
3. Stretch 5 sec, relax
